

## Bloodborne Pathogens Workshop\* (General and Construction Industry)

This presentation provides an overview of the standard, including the written exposure control plan, engineering and work practice controls used to minimize or eliminate exposure, and personal protective equipment use. It also includes requirements from the Needlestick Safety and Prevention Act. These workshops are **free of charge** and presented by N.C. Department of Labor OSH Division employees. All workshops will be held at OSH Division field offices. Please see below for directions.
