

Electrical Safety Workshop* (Construction Industry)

This presentation covers common construction electrical hazards, the OSHA standards relating to those hazards, and tools and techniques used to identify and minimize these hazards. These workshops are **free of charge** and presented by N.C. Department of Labor OSH Division employees. All workshops will be held at OSH Division field offices. Please see below for directions.

**Total class hours equal MESH credit time earned.*

**This information can be used to supplement your site specific training materials but is not to be considered a substitute for your organization's specific safety and health program or training materials.*
