

Hazard Communication Workshop* (General and Construction Industry)

Hazard Communication (HAZCOM) training will consist of a review of 29 CFR 1910.1200, to include but not limited to hazard identification, employee/employer rights and responsibilities, materials safety data sheets, the chemical inventory and training requirements. These workshops are **free of charge** and presented by N.C. Department of Labor OSH Division employees. All workshops will be held at OSH Division field offices. Please see below for directions.

**Total class hours equal MESH credit time earned.*

**This information can be used to supplement your site specific training materials but is not to be considered a substitute for your organization's specific safety and health program or training materials.*
