

## Fall Protection\* (Construction Industry)

The workshop is designed to help employers and employees understand the Fall Protection standards in the North Carolina. This presentation discusses the standards that include procedures, systems, methods and training intended to protect workers from fall hazards. These live web training courses are **free of charge** and presented by N.C. Department of Labor OSH Division employees.

All web courses are limited to 50 students. You will receive These live web training courses are **free of charge** and presented by N.C. Department of Labor OSH Division employees.

All web courses are limited to 50 students. You will receive a confirmation e-mail with instructions 24-36 hours prior to the day the class starts.

**Please Note:** We are excited to continue to provide webinars to the public. They are a very popular training method. However, effective November 1, 2009, we will no longer provide certificates for multiple attendees at a single computer. Certificates will only be provided to those who register and log into the system.
