

## Lockout/Tagout\* (General and Construction Industry)

This presentation provides an overview of the lockout/tagout standard, including the scope and application, the requirements for energy control procedures, methods of lockout/tagout, the employer's responsibilities, employee training needs, and inspection requirements. These live web training courses are **free of charge** and presented by N.C. Department of Labor OSH Division employees.

All web courses are limited to 50 students. You will receive a confirmation e-mail with instructions 24-36 hours prior to the day the class starts.

**Please Note:** We are excited to continue to provide webinars to the public. They are a very popular training method. However, effective November 1, 2009, we will no longer provide certificates for multiple attendees at a single computer. Certificates will only be provided to those who register and log into the system.

*\*Total class hours equal MESH credit time earned.*

*\*This information can be used to supplement your site specific training materials but is not to be considered a substitute for your organization's specific safety and health program or training materials.*

### Scheduled Dates

#### Live Web Training

03/12/2010 10:00 – 11:30 a.m.
